

A working relationship that works to your advantage.

For more than 25 years, Foster Benefit Resources and UnitedHealthcare have been working together to help provide our mutual clients with health care coverage that meets their needs.

Service is key.

Time is money. It's been said before (about a million times), but it's one of business's universal truths. So we've made it easier for you to get the answers and assistance you need, whenever you need it. With the purchase of any UnitedHealthcare plan, you receive access to innovative online tools and resources that let you administer your plan, check on claims and pay your bills — in real time, on your time.

We're all on the same page.

When it comes to health care, perhaps the 2 biggest factors you value most are the health of your employees and your own bottom line. It's why Foster is proud to offer UnitedHealthcare plans that offer benefits that can help you control costs more effectively and benefits that can help your employees take more control of their health and live healthier lives.
